

To The Secretary  
Lands Department

Fairy  
Cave

Sir

I have the greatest pleasure in  
announcing to you in writing my  
discovery of the 18<sup>th</sup>. The only surface  
indication of this Cave was a hole  
that you could put your fist in. By  
breaking it away large enough to admit  
my body I lowered myself down a  
distance of 40ft into an immense cavern  
I have explored its passages for fully 3/4 of  
a mile. And must say that it is  
beyond all my expectations. All I can  
say is that it is amazingly beautiful.  
In fact one could not explain its  
grandeur to anyone. I am allowing Mr Balmer  
to take some views of it and will forward  
some as soon as possible. I feel convinced now  
that I have genuine pearls. When this is  
opened up a bit I would like to see Mr Mackay  
pay us a visit.

I have the honor to be  
Sir

Your most Obedient Servant  
J H Moon

(Later) after Receiving Wire <sup>from S.S.</sup>

New Cave is on Crown Lands. It is on  
The The Reserve of 160 acres situated about 1/2 mile  
from Township and about 200 yds from Pitson Cas
